

Product Documentation

Suggested Names: (Nexa, Aura, Tivva, Lume)

Overview

A mobile and web platform designed to streamline how hairstylists manage their appointments, connect with clients, and sell beauty products. The app empowers stylists to run their businesses efficiently while giving clients a convenient, professional, and trustworthy way to discover, book, and shop.

1. Product Vision:

To create a one-stop ecosystem for hairstylists and beauty professionals to manage their bookings, grow their clientele, and monetize their expertise through a seamless marketplace experience

2. Target Users

a. Primary Users

- i. Hairstylists / Beauty Professionals
- ii. Manage bookings, track revenue, and promote their services.
- iii. List and sell beauty products directly to clients.

b. Clients

- i. Discover stylists by location, style, or rating.
- ii. Book appointments easily and securely.
- iii. Purchase recommended products

c. Secondary Users

- i. Admin / Platform Owner: Oversee transactions, approve new stylist accounts, and handle disputes.

3. Core Features

a. Client-Side Features

- i. User Registration & Profile Management
- ii. Stylist Discovery
- iii. Search and filter by location, price range, rating, and specialty.

iv. Booking System

1. Real-time availability.
2. Deposit or full-payment booking.
3. Reschedule and cancellation options.

v. In-App Payments

1. Integrated with Stripe, Paystack, or Flutterwave.

vi. Product Marketplace

1. Buy hair products (extensions, treatments, tools) from stylists.

vii. Reviews & Ratings

1. Rate stylists and products post-appointment.

viii. Push Notifications

1. Appointment reminders, promos, and product updates.

b. Stylist-Side Features

i. Business Profile Setup

- ii.** Bio, portfolio photos, services, prices, availability.

iii. Appointment Management

1. Accept, reject, or reschedule bookings.
2. Sync with Google Calendar or internal calendar.

iv. Inventory & Marketplace Management

1. List products with descriptions, prices, and stock levels.

v. Revenue Dashboard

1. Track earnings, transactions, and client trends.

vi. Messaging System

1. Chat directly with clients for consultations.

c. Admin Features

i. Dashboard Overview

1. Track total bookings, users, revenue.
- ii. **User Management**
 1. Verify stylists, deactivate accounts, resolve issues.
- iii. **Commission / Fee Management**
 1. Manage platform commissions and payouts.
- iv. **Analytics & Reports**
 1. Generate data insights for business decisions.

4. Technology Stack (Proposed)

 - ii. Chat support for premium plans (Silver & Gold).
- c. **Monitoring:** System health monitored via analytics dashboards.
- d. **Backup & Recovery:** Daily database backups and disaster recovery plan.
- e. **SLA:** Response within 24 hours for free plan users, 4–6 hours for premium plans.

10. Data & Privacy Management

- a. **User Data Protection:** Personal information (name, email, contact, payment info) is encrypted in transit and at rest.
- b. **Role-Based Access Control:** Admins, stylists, and clients have distinct permissions.
- c. **Data Retention & Deletion:** Users can request account deletion; platform retains anonymized data for analytics.
- d. **Audit & Monitoring:** Activity logs track sensitive operations (payments, profile edits).
- e. **Compliance:** Adheres to Nigeria Data Protection Regulation (NDPR) and GDPR for international users.

11. Future Enhancements

- a. **AI-Powered Recommendations:** Personalized stylist and product suggestions for clients.
- b. **Virtual Hair Try-On (AR):** Allow clients to preview hairstyles before booking.
- c. **Loyalty / Rewards System:** Points or discounts for repeat clients.
- d. **Affiliate / Referral Program:** Stylists can refer other stylists and earn rewards.
- e. **Social Media Integration:** Portfolio sync with Instagram, Facebook, or TikTok.
- f. **Advanced Analytics Dashboard:** Stylists can access trends, client demographics, and predictive sales insights.
- g. **Push Notifications Enhancements:** Smart reminders based on user behavior, seasonal promotions, and trending styles.

12. Success Metrics

- a. Number of active stylists.
- b. Monthly booking volume.
- c. Average revenue per stylist.
- d. Customer retention rate.
- e. Marketplace transaction value.

13. Initial Stylist Onboarding / Target Stylists

To successfully launch GlamConnect, we plan to onboard a curated group of hairstylists and beauty professionals who meet the platform's standards for quality and reliability.

a. Target Stylist Profile

- i. **Experience:** 2+ years of professional hairstyling or beauty service experience.
- ii. **Portfolio:** High-quality photos of work (before/after, haircuts, styling, treatments).
- iii. **Location:** Initially focusing on high-demand urban areas to maximize bookings.
- iv. **Service Range:** Haircuts, coloring, braiding, extensions, treatments, and product sales.
- v. **Reputation:** Verified by the platform with existing client reviews or references.

b. Onboarding Goals

- i. **Phase 1:** Onboard 10–20 verified stylists within the first 3 months.

- ii. **Phase 2:** Expand to 20–50 stylists by month 6.
- iii. **Phase 3:** Scale to 100+ stylists within the first year across multiple cities.

c. Incentives for Early Stylists

- i. **Free or discounted access** to Gold/Silver subscription plans for the first 3 months.
- ii. **Featured placement** on the app and marketing materials.
- iii. **Priority support** and dedicated onboarding assistance.
- iv. **Early exposure** to app users, boosting initial bookings.

d. Onboarding Process

- i. Stylist registration and submission of verification documents.
- ii. Review and approval by the admin team.
- iii. Profile setup including services, portfolio, and availability.
- iv. Introductory training on app usage, booking management, and product listing.
- v. Launch profile live on the platform and begin accepting bookings.
